PROFILE

An innovative and responsible designer & front end developer with experience in building and maintaining responsive websites in the IT industry. Passionate about creating usable and aesthetically pleasing digital products to help businesses hit their goals and give users an unforgettable experience.

EXPERIENCE

• **Encentral Solutions • UI/UX Designer**

Aug. 2022 — Present (Abuja, Nigeria)

I build functional products from strategy to design. I also work closely with developers to bring product ideas to life by creating intuitive and user-friendly applications for businesses.

• **Warehöuzit • Product Designer (Contract)**

Dec. 2022 — Jan. 2023 (Lagos, Nigeria)

Designed a warehouse management platform, that aims to connect commercial, operational and strategic warehouse space with potential users.

• **TIIDELabs • UI/UX Engineer**

Jun. 2022 — Dec. 2022 (Abuja, Nigeria)

Designed and developed a crowd funding solution platform that solves the problems of raising funds from a large group of people by providing a donation-based platform for hosting and funding campaigns.

• **Encentral Solutions • UI/UX Designer intern**

Apr. 2022 — Jul. 2022 (Abuja, Nigeria)

I designed an application that enable individuals and organizations to manage utility bill payments (Electricity, Airtime and Mobile Data Plans).

• **Quomodo Systems • UI/UX Designer intern**

Sept. 2021 — Aug. 2022 (Abuja, Nigeria)

Developed UI designs, prototypes and mockups that clearly illustrate how sites function and look like. Amongst other products, we've successfully shipped a custom EDMS for Fidelity bank and Premium Pensions limited.
